

CEIAG Activities and Events

At St Peter's School, we aim to offer all of our young people the opportunities to engage with a variety of external providers so that they can learn about careers, future options, and the skills that they will need to become successful adults. We want them to not only be inspired by others but by former St Peter's student which is why we encourage as many former students to come into school to share stories about their career journeys.

We have a designated Careers Office within school, located in B Block, which is well equipped with resources and information that is readily available for our young people. Our Careers Team are based in this Office and are always happy for our young people to visit during break time, lunch time or after school if they have any questions, would like any information or require some support.

*Whole year group event including interaction with business professional(s)
